RE: SMASH SQUIRRELS PJT

Marc,

Goddammit listen to me, you psyche indoctrinated fucking pea brain mental midget, the RTC mens went NOWHERE on handling the squirrels (which marlowe is paying for that) and the longer you guys Q&A the more people are getting on Mayos lines by the minute. If we don't get something hot out this month everyone will be at the fucking AAC. Knock off the bullshit about doing an LRH cassette, NOBODY falls for them since ~~xxxx~~ ~~xxxx~~ ~~xxxx~~

I don't care how good the actor is or how much horwich worked it over with the Fairlite - a cassette just won't cut it.. First far too many people said last year's ~~xxxx~~ didn't sound like the old man and if they SAID it how many do you suppose THOUGHT it wasn't him? Too goddam many. Second I don't care how good the actor is, some asshole gets the idea of a voice print and were fucked. It's got to be a VIDEO and I don't care how long these guys have been up they work around the fucking clock until its DONE. Third too many public think he's dead or ill or of the lines and ONLY A VIDEO Will convince them otherwise. Four, public are going to the fucking AAC ~~xxxx~~ and that bastard Prices magazine with mission stats is all over the world.

1. Get the old video clips of the old man - use ones where he's lips arent facing the screen, looking away or looking down or you'll never PLS it. Thrown in some footage of him yelling.

2. Pat says not to edit the pix to the sound - edit the sound to the pix - makes it more authentic thatway. Dub the SMASH THHE SQUIRRELS onto the video clipd (NOT the New Year message) its GOT to look like R's personally denouncing them.

3. Get tht video done and to me and Pat IMMEDIATELY and it had better be good and convincing, if anyone so much as suspects its not the old man i's your neck

4. The Xmas/New Year message goes out on cassettee not viedo cos the suckers will believe it if they've already seen a video of him and thinks it is a PT one.

The ~~xxxx~~ bottom line is if Mayo or any of the fucking squirrels are still in operation your ass is grass and everyone who worked on this pjt will be out for eternity and I mean

for goddam fucking EVER ... Get it? (There's tapes where R says "David Mayo" - Horwich knows some so
